

Virginia TURFGRASS journal

Journal of the Virginia Turfgrass Council

AFFORDABLE RATES — CONSISTENT MESSAGE

The shotgun approach — broadcasting your marketing message hoping it lands near some of your target audience no longer works.

Virginia Turfgrass Journal allows you to narrow the focus and get your message directly in the hands of your customers across the state of Virginia.

The Virginia Turfgrass Council is made up of:

- Golf Course Superintendents
- Lawn Care & Landscape Companies
- Municipalities/Parks & Recreation
- Sports Turf Managers
- Sod Producers
- Suppliers

The magazine is one of the main benefits of membership — providing valuable research, education, and industry information to each member 6 times a year.

Sponsorships for the online version of the publication are available as well.
