

ARKANSAS **TURFGRASS**

THE ARKANSAS TURFGRASS ASSOCIATION MAGAZINE

Nowhere else in Arkansas will you find a publication that reaches a more comprehensive breadth of turfgrass professionals who are consistent purchasers of the type of products, equipment and/or services that your company offers. *Arkansas Turfgrass* is the Arkansas Turfgrass Association magazine. Members of ATA come from all segments of the turfgrass industry, including:

- Golf Course Superintendents
- Lawn Care & Landscape Companies
- Municipalities/Parks & Recreation
- Sports Turf Managers
- Sod Producers
- Suppliers

This exciting magazine provides valuable education and industry information to recipients four times a year. Readers can also access the online version through **TheTurfZone.com** website. Archived issues will ensure that your advertising will continue to be seen indefinitely, for long-ranging impact.

ADVERTISING IN TURFGRASS PUBLICATIONS WORKS!

HERE'S WHAT OUR CUSTOMERS SAY:

“ I only wish all of my business dealings were as easy as mine have been working with Leading Edge.

The circulation and geographic diversity of the various Leading Edge publications we advertise in, has allowed us to reach much of our target demographic. The timing of the publications has enabled us to consistently put our product in front of a vast audience on a continuing basis at an affordable price. The return on investment has surpassed my every expectation.

If I could make a single recommendation to any of my professional contemporaries, it would be to get in touch with these people yesterday. ”

— The Turfgrass Group, Inc.

Leading Edge Communications publishes the official magazines and annual membership directories for nine turfgrass associations, including:

- Alabama Turf Times
- Arkansas Turfgrass
- MTC Turf News (Maryland)
- Mississippi Turfgrass
- New England Blade
- North Carolina Turfgrass
- Pennsylvania Turfgrass
- Tennessee Turfgrass
- Virginia Turfgrass Journal

Introducing: EXCELERATOR
Stand Fast™

When It Comes to Silicon the Proof is in the Performance!

- Strengthens turf and enhances resiliency – ideal for high traffic areas!
- Provides a unique blend of micronutrients proven to enhance turf health
- Improved disease and insect resistance
- Reduces heat stress
- Increases tolerance against toxic elements
- Essential part of an integrated fertility program
- Environmentally friendly

Fertility Management with Excelerator

Excelerator use has grown dramatically due to its unique chemical properties not available elsewhere. Due to its micronutrient and beneficial element content, Excelerator provides significant benefits to your turf, including:

- Improved heat stress and traffic wear tolerance
- Increased drought and salt tolerance
- Increased disease and insect resistance
- Increased fertilizer efficiency

For more information about Excelerator, please visit:
www.excellminerals.com/about_silicon.asp
